

1. Cover Letter

Dear Hiring Manager,

I hope you are doing well.

I am writing to apply for the position at your company. I recently completed my studies in Computer Science and have worked on projects that helped me build skills in teamwork, problem-solving, and software development.

I am a hardworking person who is always ready to learn new things. I believe my knowledge, dedication, and positive attitude will help me contribute to your team.

I would be grateful for the chance to discuss my application with you. Thank you for your time and consideration.

Sincerely,

Nandan Popat

2. Portfolio

My name is Nandan Popat, and I am a Computer Science student and developer.

I have worked on different projects, including:

Cricket Auction Management System

E-commerce Website

Flutter Mobile Applications

Web Design Projects

My skills include:

.NET Core

Flutter

React

Firebase

MongoDB

I enjoy creating useful software and solving real problems through technology. I am always learning and improving my skills.

3. Recommendation Letter / Letter of Appreciation

To Whom It May Concern,

I am pleased to recommend Nandan Popat for future opportunities.

Nandan Popat is a sincere, hardworking, and talented individual. During our time working together, they showed dedication, responsibility, and excellent technical skills.

Their contribution to projects was valuable, and they always completed tasks on time with great effort.

I strongly believe they will be a great asset to any organization.

Sincerely,

Prakruti Vyas

4. Experience Certificate / Employment Verification Letter

This is to certify that Nandan Popat worked with our organization as a Flutter developer from 03-21-2026 to 04-22-2006.

During this time, they performed their duties sincerely and responsibly. Their work was satisfactory, and they showed good professional behavior.

We wish them success in their future.

Sincerely,
ProBid The Auction Company

5. Letter of Interest (Job)

Dear Hiring Manager,

I am writing to express my interest in working with your company.

I admire your organization and would love the opportunity to contribute my skills and knowledge. My background in technology and project work has prepared me well for new challenges.

I would be happy to be considered for any suitable position.

Thank you for your time.

Sincerely,

Nandan Popat

6. Follow-Up Letter (After Interview)

Dear Jeel Popat,

Thank you for taking the time to meet with me for the interview.

I appreciate the opportunity to learn more about the role and your organization. Our discussion increased my interest in joining your team.

Thank you again for your consideration. I look forward to hearing from you.

Sincerely,

Nandan Popat

7. Acceptance Letter (Job Offer)

Dear Jeel Popat,

Thank you for offering me the position at your company.

I am happy to accept the offer and excited to join your team. I appreciate this opportunity and look forward to contributing to the organization.

Thank you once again.

Sincerely,

Nandan Popat

8. Declination Letter (Job Offer)

Dear Jeel Popat,

Thank you very much for offering me the position.

After careful thought, I have decided to respectfully decline the offer at this time. This was not an easy decision, and I truly appreciate your time and consideration.

Thank you again, and I wish your team continued success.

Sincerely,

Nandan Popat

9. Leave-of-Absence Request Letter

Dear Jeel Popat,

I hope you are doing well.

I would like to request leave from 03-21-2026 to due to personal reasons.

I will ensure my responsibilities are managed properly before my leave. I kindly request your approval.

Thank you for understanding.

Sincerely,

Nandan Popat

10. Resignation Letter

Dear Jeel Popat,

Please accept this letter as formal notice of my resignation from my position at ProBid.

I am grateful for the experience and support I received during my time here. Working with the team has been valuable for my personal and professional growth.

Thank you for everything. I wish the company continued success.

Sincerely,

Nandan Popat
